Fun-damental Forces

Find out about your favourite forces using gyroscopes, bike wheels and even a simple chair! Are you up to the gravity-defying challenges?

Che-Mystery

See Styrofoam reduced to a puddle of goo, water turned to wine and a whole load of chemical magic! Apply your chemistry knowledge to create a polymer bouncing ball!

"Current" Events

Explore the use of electricity by building your own circuits and see how electricity can pop a balloon! Electrifying!

Under Pressure

Who will win the blow dryer race? Join in the fun with this interactive exploration of air and its effects! Vortex generators and fountains will show how powerful air can be!

Science of Magic

A magician never reveals their secrets... but a scientist does! How does the rabbit really disappear? Explore real magic tricks to discover the science behind them!

Wacky Waves

Eggbert and Megg, our hard-boiled friends, assist in our investigation of water! How hard is it to clean up an oil spill? Find out in this introduction to the wacky world of water!
